PROFESSIONAL EXPERIENCE

CELLESE REGENERATIVE THERAPEUTICS, IRVINE, CA

Dec 2017 – Present

Inventory Specialist / Data Analyst

- Inventory Management: Revamp inventory management software, maintain accurate stock counts, reconcile discrepancies and provide creative solutions for operations
- Programmatic Data Retrieval: Build desktop applications to streamline data and projection reportings
- Business Analytics: Identify business trends, compile sales analysis reports, suggest strategic data-driven decisions based on company KPIs

EPIK, SOUTH KOREA

Mar 2015 – Mar 2017

English Teacher

- Created several multimedia presentations per week via PowerPoint, videos, white board, and worksheets; engaged classes upwards of 30 students to acquire and practice English.
- Designed, budgeted, and executed over eight 10 to 20-hour, 2 to 5-day after-school English programs and camps with high enrollment and retention rate.
- Proofread and refined essays, speeches, announcements, and emails for schools' teachers and administrative staff members.
